# ASPARC STARTER USER STORIES

## 1. Check project status

As a ProjectManager

In order to be able decisions based on the current state of the project work

I wanto to be able to check the project status via a single report link:

For example:

[https://docs.google.com/spreadsheets/d/e/2PACX-1vR0wo5N32EpubwxBfeFxi6X-eOmXwOPg4WSyA4qBSz1Yu0EyU34jl0xICgWzrFUSEEA\\_aC4RF7LRqx9/pubhtml#](https://docs.google.com/spreadsheets/d/e/2PACX-1vR0wo5N32EpubwxBfeFxi6X-eOmXwOPg4WSyA4qBSz1Yu0EyU34jl0xICgWzrFUSEEA_aC4RF7LRqx9/pubhtml#)

## 2. Check project source code

As a ProjectManager

In order to be able verify and communicate the availability of the project's source code I wanto to be able to access it via an GitHub link ,for example:

<https://github.com/YordanGeorgiev/aspark-starter>
